It's Official—Traction Has a Home

The members of Cambridge Community Fellowship Church (CCFC) in Cambridge, MA voted on Sunday, December 3rd to make Traction an official ministry of the church. This will be impactful to the Traction community in the following ways:

- 1) **Traction will have staff**— Two Traction leaders will join the staff of Cambridge Community Fellowship Church. Leslie Moore will assume the role of Traction Network Coordinator and Laura will be the Traction Network Administrator.
- 2) **Traction will have greater structure and accountability**— The process of moving towards a church based ministry encouraged the leaders of Traction to hone in on the key components of the ministry that others could adopt with encouragement and support. In addition, Traction staff have the support of the church's leadership and congregation to achieve the ministry's mission.
- 3) **The Traction ministry will focus on spreading the resource sharing model more deeply into the life of Cambridge Community Fellowship Church**— The Traction staff will look to support CCFC members to organize creative ways to share their resources with others in the community who may be experiencing housing and stability challenges

Traction Family buys the original Traction 3— family house.

After being told by a bank rep 4 years ago that he had the worst credit score she had ever seen—Henry Johnson chose to remain in affordable housing offered through Traction leaders to save money to pay off debt.. His family purchased the home in November.

Two Traction communities share a Thanksgiving Meal

It was the men of Traction who opened their home and cooked most of the shared Thanksgiving meal this year.
